Figura 8 INSERIRE LA VECCHIA PASSWORD, POI LA NUOVA

The screenshot shows a web browser window with the title "Account personale" and "Cambia password". The address bar displays the URL: `account.activedirectory.windowsazure.com/ChangePassword.aspx?BrandContextID=O365&ruO365=`. The page content includes the heading "cambia password" and a paragraph of instructions: "È richiesta una password complessa. La lunghezza deve essere compresa tra 8 e 256 caratteri. Evitare nomi e parole comuni e usare una combinazione di lettere maiuscole e minuscole, numeri e simboli." Below this, the user's ID is listed as "ID utente: lizio.sebastiano@istitutopesina.onmicrosoft.com". There are four input fields: "Vecchia password", "Nuova password", "Complessità password", and "Conferma nuova password". At the bottom, there are two buttons: "invia" (green) and "annulla" (grey).
